

Dear Parents and Carers

As I am sure you are all aware, we have been asked to self-isolate and keep interaction to a minimum with immediate effect.

As most families have chosen to follow this advice, I have made the decision with the Local Authority support to close Highfields/Pendlebury for the rest of this term.

We ask that you look at our web sites regularly where we will post any updates we receive and hopefully the plans for after Easter, when the initial 3 week lock down will be over. Again I cannot pre-empt that this may continue for a longer period and we shall take advice on the school opening up again.

If you have any questions, please email me directly on:

headteacher@pendlebury.stockport.sch.uk

headteacher@highfields.stockport.sch.uk

The senior leadership on both sites will still be working from home and will be able to help with any queries you may have.

You can also contact Stockport parents help line on:

school.enquiries@stockport.gov.uk

Please take care of yourselves and your family.

Best wishes

Mrs Janice Cahill OBE
